Team Proman in Action

COMPANY PROFILE

WHO WE ARE

Proman Securitech Pvt. Ltd., is a fast growing professionally managed leading Services Provider, providing a broad range of people and support services across the country, through bespoke offerings. Proman Securitech trained professionals guard human and capital assets of customers of different sectors such as corporate, manufacturing, hospitality, retail, infrastructure, e-commerce, and residential, among others.

What separates us from the others is our relentless commitment to constantly deliver world class solutions. While others talk, we listen; we ask questions, we understand your risks and work together with you to control and seamlessly mitigate any potential loss to revenue, profitability and damage to brand.

The key to our success is our understanding of our customers and their business. We, then help our customers to assess current and future risks correctly, delivering total security solutions that are tailored specifically for your needs.

Our expertise is our differentiator. Our company is guided in all aspects by our Advisory Board which comprises former Directors General of Police, Secretaries to the Government of India and decorated officers of the Indian Army.

Our security experts have decades of experience in planning and implementing excellent security procedures and protocols to secure some of the most critical infrastructure and highly threatened individuals of the country.

FEW OF OUR DELIGHTED CUSTOMERS

WHAT WE DO

MANNED GUARDING

Well-trained security personnel's instinct and judgment beat even the most advanced technology, making 'Manned Guarding' the most crucial aspect of any effective security deployment strategy.

Every security personnel is selected through a stringent selection process that includes detailed background checks. Further, our personnel undergo a rigorous 160-hour training program to meet industry and region-specific security norms.

Owing to an innovative approach and a dedicated workforce, we have an industry-best client retention rate of 99.5%

EVENT SECURITY

At Proman, securing events is not just about posting men in uniforms, it is about planning and executing an effective security plan based on risk assessment.

Event security has evolved over the years with improvement in physical security protocols combined with technological advances. Our Event Security teams come fully equipped with specially trained security personnel and close protection officers to manage large, high-risk events with the capability to identify suspicious activities and read body language to predict threats.

CLOSE PROTECTION

We provide protection to chief executives, celebrities, public figures and High Net-worth Individuals. Protecting high-risk Principals often involves roles like escorting, preventing of crime/Protecting from threats i.e. from business opponents, kidnapers, stalkers or over-enthusiastic fans.

On the way or at the venue of the meeting/event, if any changes in circumstances are detected we respond to those threats and situations rapidly and effectively to protect the subject by first Protecting physically and then removing from harm's way.

Security Systems - Design and Installation

We offer services of expert analysts to conduct a survey, understand threats and your home or office topography and draw up a fool proof design to ensure no shadow areas.

One of our many vendors will then execute the plan using one of the many brands available in the market and offer hassle free inslation and post sales service.

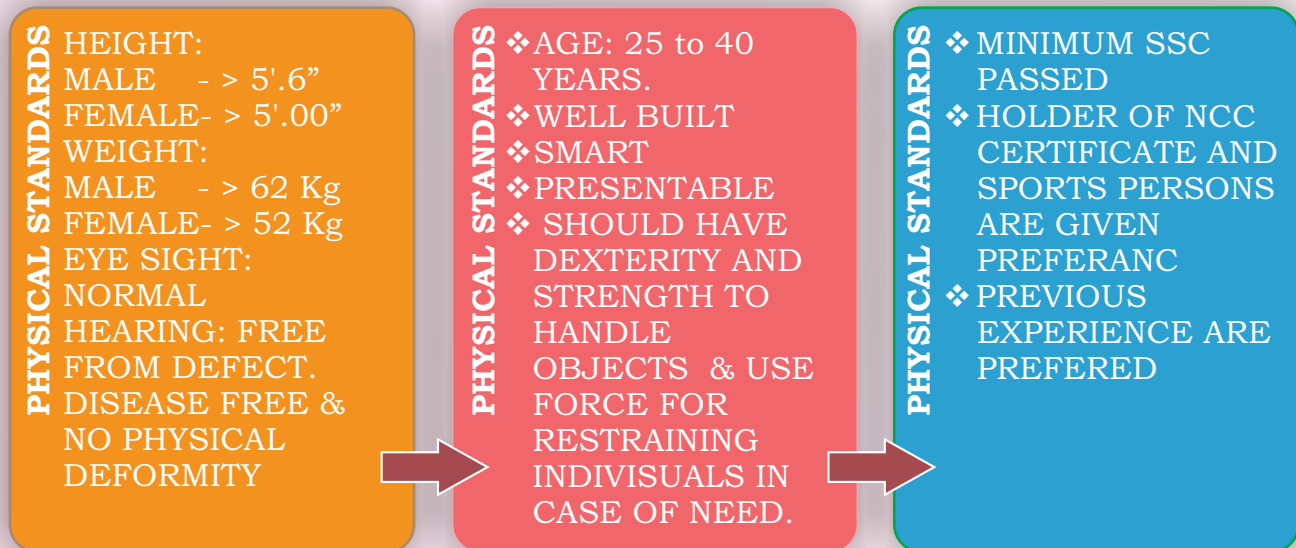

We offer :

1. Design and installation
2. Audit of existing security systems
3. Both on site and remote, real time surveillance(along with specialist operators)
4. Training in Security and Fire safety systems
5. Service and Maintenance of installed equipment

RECRUITMENT PROCESS

We follow a stringent selection process with background checks, fingerprinting and police verification so that the very best secure your business.

TRAINING

A security guard is hired to protect people and/or property. Security guards act as a preliminary defense system, prior to police involvement & are a vital part of the safety of our country's schools, hospitals, public places, businesses, etc.

Since most security guards in this country work in public places (such as airports, malls, hospitals, businesses, etc.), guards need to be thoroughly trained in public relation relating to all kinds of People and how to identify and handle possible terrorist activity During security training courses these topics are also covered, to ensure that security personal can recognize weapons, threats and suspicious activity.

Documentation of events is another important aspect of the security guard position. Training will cover these important practices as well as tactics on how to question and recognize suspicious activity.

All of these items are condensed into a short amount of time i.e.100 hours of classroom training spread across 15 days and 60 hours of training on the job/site spread across 5 days.

We provide regular customized training (basic & refresher training) to ensure up-gradation of skill-sets of front line staff.

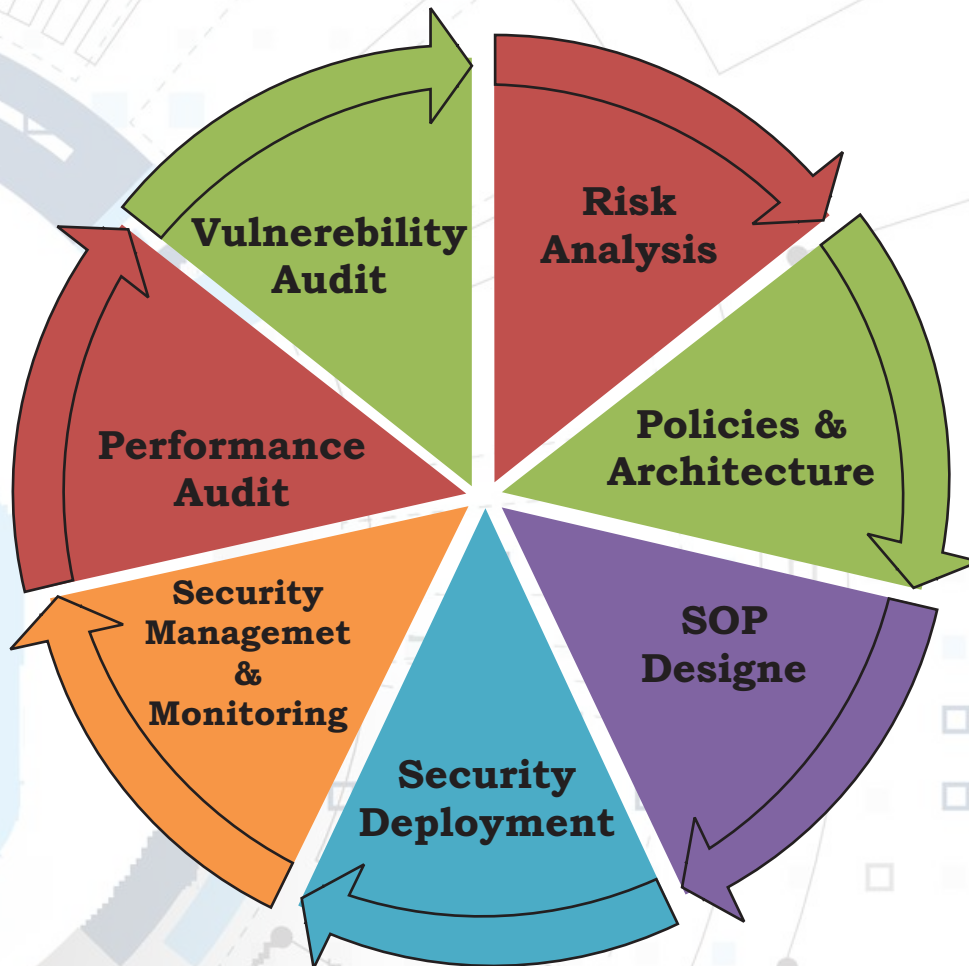

There is a 3 Tier Training Program consisting of:

- Basic Guarding Training
- Industry specific Training
- Site specific Training

There is a comprehensive On-the-Job (OJT) Training calendar being enforced across all units.
